

SAVERI

LAW FIRM

Job Title: Summer Associate
FLSA Status: Non-Exempt/Full-Time

About Us

Saveri Law Firm, LLP is a purpose-driven plaintiffs' firm dedicated to challenging powerful corporations — from Big Tech to dominant industry players — through precedent-setting antitrust and competition litigation on behalf of consumers, workers, and creators. We are at the forefront of emerging issues, including generative AI, no-poach agreements, wage-suppression collusion, price-fixing, and other anticompetitive and exploitative business practices.

Since our founding in 2012, we have built a reputation as one of the nation's leading plaintiffs' firms and are appointed time and again as lead or co-lead counsel in significant, complex cases in federal and international forums. To date, our attorneys have obtained over \$5 billion in settlements and successful resolutions for their clients.

Our work has been repeatedly recognized by leading independent legal-industry peers and ranking organizations. Highlights include high rankings by Chambers & Partners in its "Antitrust: Plaintiff" categories, and recurring praise from the Legal 500, Best Lawyers, Benchmark Litigation, the Global Competition Review, the American Antitrust Institute, and other well-respected organizations.

We are not just litigators, we are advocates for fairness, competition, and accountability. We want to make an impact, bring creativity to difficult challenges, and value high-caliber work. If you are passionate about using the law to challenge the status quo — your work here will truly matter.

About the Role

You will have the opportunity to observe and support significant litigation, including case development, depositions, court hearings, client meetings, and other key events.
